YARD SIGN UNITS

ANGLE IRON 2-INSERT UNITS

Your riders can be quickly changed (without the need for tools) when you use this unit. Your Angle Iron 2-Insert unit comes assembled with a 24 gauge, zinc-bonded, powder coated steel panel bolted to the 1 ribbed, cold rolled steel frame (also powder coated).

Price includes Strike Tabs, Gussets (for added strength) and easy-to-use, spring clips that secure riders into the top and bottom of the frame.

Price each. Includes imprint, gussets and strike tabs.
All units shipped assembled FOB, Lowen.

SPRING CLIPS

Ideal for the pro-on-the-go! The Thor 2-Insert units feature spring clips for quick and easy rider installation. Hardware and tools are a thing of the past when changing out riders (top or bottom). This gives you the flexibility to change your message at a moments notice.

ANGLE IRON UNIT

Good looking and rugged! This is one of our most popular units and sure to be yours as well. The Angle Iron sign unit is the workhorse of signs and is powder coated for long lasting beauty. The panel and frame come assembled displaying your message in vivid ink colors printed on a 24 gauge, zinc-bonded, powder coated steel panel. Riders can be purchased separately and bolted top and bottom as shown.

You will appreciate the Angle Iron style frames because they are made from one-inch, ribbed, cold-rolled steel. This means that your frames will be stronger yet lighter weight than conventional angle iron frames - and steel lasts longer than iron. Your powder coated steel frames from Lowen have the same high-gloss luster and finish as a new car.
